IAWPF Funding Policies and Guidelines for Grant Proposals

IAWPF provides grant support for:

- To determine and carry out the charitable and educational agenda of the management and membership of the IAWP.
- To educate and enlighten the public about women in police or in police-related activities throughout the world.
- To support the charitable, educational and professional development needs and activities of the various police affiliates, members, and membership of the IAWP in all locations. (including the IAWP "Adopt an Officer Program")
- To provide or conduct training conferences, programs and educational events and workshops relating to women police from anywhere in the world.
- To provide support directly and indirectly to policing functions and activities where charitable, educational or professional development need is demonstrated.
- To assist IAWP members to attend training or other educational events relating to women in policing. (including the IAWP International Scholarship Program)
- To identify, recognize and reward performance, distinction, and achievement of women in policing. (Including the Heritage Recognition and Annual recognition Program)

The above may be reduced in any one year due to funding restrictions or other reasons.

IAWPF's primary funding purpose is to develop women in policing who are ineligible for funding through other entities.

- Applicants from developing countries are especially encouraged to apply.
- Applicants who demonstrate financial need will be given priority.
- Applicants are limited to one IAWPF grant per fiscal year.
- IAWPF grants will be reviewed until all available funds have been allocated.
- IAWPF does not fund expenses incurred before an applicant is awarded funds (retroactive expenses). All expenses listed in the budget justification must be expenses that will be incurred after the grant is awarded.

All funding proposals will be reviewed on an annual basis by a selection panel and preference will be given to those applications which have the potential to have the greatest reach or deliver a broader impact for women in policing. Applications will be submitted to email address grants@iawp.org and must be received NO LATER THAN 12:00 PM CST on the listed deadline. Grant review meetings will take place the week following the deadline. These deadlines apply to all fundable projects.

Project Period (month of project start)	Deadline (By 12:00 PM CST)
After January 1 st in any year	September 30, the previous year

IAWPF Grants will be available only when finances permit and might not be offered every year.

All IAWPF grants must include the following documents.

- **Project specific proposal.** (Research, conference presentations and/or attendance, in-service-learning, or creative endeavor--tell us what you want to do.)
- **Detailed and itemized budget justification.** Please include an itemized budget that shows all your calculations for figuring per diem, miscellaneous costs, etc. It is the applicant's responsibility to develop a budget that is complete and accurate. Any changes to a budget after the project is awarded, such as transfers between line items, must be pre-approved.
- **Department, local IAWP affiliate president, or IAWP board member endorsement.** It is the applicant's responsibility to ensure that their department head, president of affiliate organization, or IAWP board member provides a recommendation letter. Completed proposals are due by 12PM CST on the day of the deadline. It is expected that applicants request their recommendation letters at least three weeks in advance of the application deadline. We allow a 7-day grace period beyond the deadline to receive letters of recommendation, providing all other parts of the application have been completed and submitted by the due date. Grant proposals for which we do not receive a

recommendation seven days beyond the original deadline will not be considered for funding.

- The endorsing letter should describe:
 - The department head, IAWP affiliate president, or IAWP Board member's relationship with the applicant. This may include a history of the relationship that is relevant to the department head, affiliate president, or IAWP board member's impression of the applicant and to the proposed project—explain that knowledge and its relevance.
 - The arrangement for any collaboration on the proposed project between the department, IAWP affiliate, or IAWP board member and the applicant.
 - The probability of the applicant's proposed activity to be successful.

Applicants who are awarded funding through IAWPF will be required to sign a form agreeing to abide by the grant criteria and must submit the following documents within 30 days of the project/travel end date:

- A detailed budget outlining how the grant was spent to include all relevant receipts;
- The completed IAWPF Travel Expense Internal Form where applicable;
- A final report to include: cost benefit analysis, if a training event the numbers in attendance and a summary of the event evaluation, any specific benefits to IAWP, e.g. did it result in any new members for IAWP or an affiliate, where relevant?
- An article about the project/event to be written for IAWP's magazine including pictures of the experience, if possible.

A grant application review panel consisting of the IAWP 1st Vice President, Chair of the Board of Trustees and IAWP's Sergeant-At-Arms will evaluate all applications received against the criteria, once the IAWPF has reviewed the budget proposal within the application. The budget review to be completed by 31st October in the year of application.

Applicants will be notified of the final decision of the Review Panel by 30th November in the year the application was made.

Budget Basics--FAQ's

1. How do I allow for things like fluctuating airfare prices?
 - a. We recommend that you review your budget, particularly expenses such as airfare, immediately before you submit your application for review. This way, you have the most accurate airfare and other expense information at the time of review.
2. I forgot to include something in my budget, can my budget be increased after the submission?
 - a. No. Your application, including your budget, is considered final upon submission.
3. If I'm applying to more than one funder, do I divide my budget by two (three or four)?
 - a. No. Submit your budget in its entirety so that reviewers have an accurate understanding of your request. Just as you wouldn't submit only part of your application, please don't try to divide your budget.
4. The amount of my award on my award letter is different than the budget total that I submitted. Why is that?
 - a. Upon submission of your budget, it is reviewed by IAWPF to ensure that the most economical choices and decisions are being made. If the opportunity to save resources is identified, the budget will be adjusted. Some items in your budget may be non-allowable. Also, partial awards may be made due to limited funds IAWPF has to disperse. If you wish more clarity or specific adjustment information, please contact the IAWPF, email link located at:
<https://www.iawp.org/IAWP-foundation-grant-funds/>.
5. What if I lose a receipt (or several)?
 - a. The IAWPF provides a form called the "Lost Receipt Affidavit" that you may fill out and sign in place of a lost receipt.
6. When is my final report due?

- a. Your final report is due thirty days after the completion of your project.
